# Sustainability

We're crusading to slash our landfill waste by a whopping 70% and we're recruiting you to join our eco-squad!

The biggest contributor to our landfill waste is single use plates and cutlery. To eliminate this all our catering packages are served with crockery and cutlery.

To minimise food waste ending up in landfill we have purchased a commercial composter. It can compost up to 25kg of food waste in 24 hours so all food waste can be composted onsite - how good is that!

All our catering is locally sourced. Our partners are Dropbox Coffee Roasters, Yarra Valley Tea Company, Ivan's Bakery and Kartel Catering.

Disposable plates, cutlery and platters are not permitted at the Club.

Menu selections, final numbers and dietary requirements are required 4 working days prior to your event.
